

Chapo - Specification Sheet
by Philippe Starck, 2014

Mounting

Table Top

Lamp (Bulb) Description 1 x COB LED 2700K 310lm total CRI93 - 8W

Environment Indoor - Dry Location

Finish Chrome

Technical and Product Description CHAPO table lamp providing direct light. Aluminum structure with photo-etched diffuser. Optical switch on the dimmable base with "Soft Touch" technology adaptor on plug connector with interchangeable plugs. A USB socket on the base enables you to recharge the most common smartphones and tablets (max 1.5A).

Throwing one's hat onto a stand is a seductive and slightly swanky and masculine gesture from bygone times. It has an irreverent and retro charm reminiscent of a cinematographic image that is an inescapable part of our visual baggage. All this underlies the Chapo table lamp, a playful gesture that becomes a three-dimensional and theatrical object, a lamp whose style, character and shape can change depending on the hat that is placed on top of it.

Electrical

Voltage 24

Switching Touch-sensor 2-step dimmer on base

IP Rating IP20

Physical

Cord Length (inches) 79" - Black

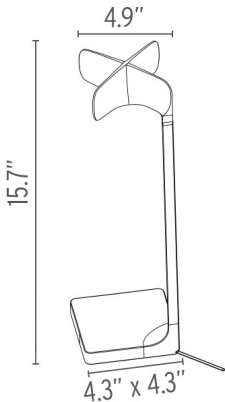

Construction Material Aluminium and PMMA

Weight 2 lbs
