

**Tab F LED, White - Specification Sheet**  
**by E. Barber and J. Osgerby, 2012**

Mounting	Free Standing
Lamp (Bulb) Description	14 LED 3000K 347lm CRI 80 - 9W
Environment	Indoor - Dry Location
Finish	White

Technical and Product Description The Tab F was brought to life by the designing duo E. Barber and J. Osgerby in 2011.

TAB F floor lamp has an adjustable head. The body is painted with pressofused aluminum. The multi-led diffuser is specially designed PMMA which specifically avoids the “multi-shadow” effect and dazzle. The head of the Tab F has a  $\pm 45^\circ$  rotation capability.

This modern floor lamp emits direct light and is available in Black/White.

Inspiration Behind the Design:

“We believe that every project has to have a spirit of innovation. When we are commissioned to design a product we seek to re-evaluate the archetype, to challenge precedents. We always look at different ways in which products can be manufactured, not necessarily by using new materials or radical re-thinking, but maybe by using existing techniques in a more original or intelligent way.”

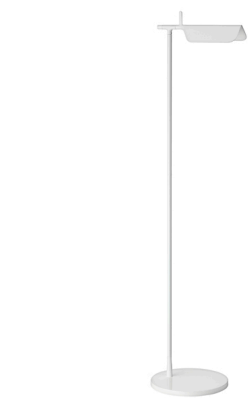

“The Tab lamp is a simple folded form, creating a visually pure shade that translates into a desk, and floor lamp.” - E. Barber and J. Osgerby

**Electrical**

Voltage	120
Switching	ON-OFF switch on power cord
IP Rating	IP20

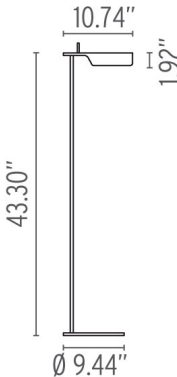

**Physical**

Cord Length (inches)	78" - Black
Construction Material	Die Cast Aluminum, PMMA
Weight	4.4 lbs

F6561009 White

**Dimensional Image**

**Certifications**
